

2023. 6. / 한-EU 연구협력센터

EU Research Career

유럽 주요국 FUNDING & JOB 관련 공고정보

한-EU 연구협력센터(KERC)는 국내 신진연구자들의 유럽 내 연구경력 개발 지원을 위해 유럽 전역의 연구경력개발 관련 정보를 모니터링/분석하여 국내 수요에 부합하는 맞춤 정보를 제공하고 있습니다.

이번 호는 23년 7월~12월 마감되는 공고들을 안내해 드립니다.

목 차 (Contents)

#1, 자연과학(Natural Science)

#2, 사회과학(Social Science)

#3, PHD Position

Part 1,

자연과학분야

EU Research Career

Title	Organisation (Country)	Offer Description	Deadline	Link
<p>Post-doc position</p>	<p>Université Gustave Eiffel (France)</p>	<p>We seek highly talented and motivated PhD graduates in Modelling, Simulation, and/or Data Science. Advanced simulation and/or machine learning skills are mandatory as the primary objective is to design, implement and assess calibration methods for large-scale multimodal dynamic traffic simulation models.</p>	<p>23-10-30</p>	<p>https://euraxess.ec.europa.eu/jobs/109061</p>
<p>Post-doctoral fellow</p>	<p>Télécom Paris (France)</p>	<p>Candidates need a PhD (or equivalent) preferably in a domain related to the topic (interference, timing analysis, real-time systems). In addition profound knowledge of computer architecture design (processor cores, memory hierarchy) are required.</p>	<p>23-09-30</p>	<p><u>More information</u></p>

EU Research Career

Title	Organisation (Country)	Offer Description	Deadline	Link
Postdoc position	Institute for Research in Technology (Spain)	The research project carried out by the candidate will focus on: Improvement of existing tools for the analysis and design of hybrid AC/DC transmission systems; and modeling resilience and reliability-oriented simulation and control of AC/DC systems, including the connection with a external cascading simulation of events.	23-09-28	https://www.scientifyresearch.org/grant/hfsp-cross-disciplinary-fellowships-postdoc-worldwide/
Postdoc position	University of Ferrara the Italian Institute of Technology (Italy)	The research group (4 full professors, 4 researchers, 2 technicians, 7 postdocs, 3-4 new PhDs each year) conducts research in the area of Neurophysiology of Speech and Sensorimotor Communication .	23-07-31	<u>More Information</u>

EU Research Career

Title	Organisation (Country)	Offer Description	Deadline	Link
Postdoc position	CEA (France)	the purpose of the 2-year post-doctoral fellowship is to go beyond this first study limitations, and propose a truly efficient and robust procedure to simulate real 3D landslide tsunami cases using the multi-phase solvers of OpenFoam.	23-08-01	https://euraxess.ec.europa.eu/jobs/107556
Postdoctoral Researcher	Nencki Institute of Experimental Biology (Poland)	We are seeking a passionate and highly motivated postdoc to work in the social/systems neuroscience project: "Coming together - neural dynamics of transition from out-group reserve to in-group fellowship".	23-08-31	https://euraxess.ec.europa.eu/jobs/106480

Part 2,

사회과학분야

Research and Teaching Assistants

Title	Organisation (Country)	Offer Description	Deadline	Link
<p>Post-doc</p>	<p>University of Groningen (Netherlands)</p>	<p>Applications are invited for a 2.5 years (30 months) postdoctoral research position within the AFREXTRACT project Environmental Histories of Resource Extraction in Africa: Understanding Cultural and Political Responses to Environmental Transformation, financed by the European Research Council (ERC) and led by dr Iva Peša (see: www.rug.nl/let/AFREXTRACT).</p>	<p>23-08-13</p>	<p>https://www.academictransfer.com/en/328029/post-doc-environmental-humanities-of-extraction-in-africa-08-fte/</p>
<p>Post Doctoral</p>	<p>ISGLOBAL (Spain)</p>	<p>We aim to advance the evidence on nature-based therapies and develop models for implementation and how such activities can be implemented with benefits for people, environment, and society as a whole.</p>	<p>23-12-31</p>	<p>https://www.isglobal.org/job-offer-/asset_publisher/SoHWcP7yPV32/content/te-1</p>

Research and Teaching Assistants

Title	Organisation (Country)	Offer Description	Deadline	Link
Post Docs	Bielefeld University of Applied Sciences (Germany)	As part of the Career@BI project, we seek to employ Post Docs in Health and Social Sciences to start immediately. The project aims to promote young researchers and qualify suitable candidates for professorship at a university of applied sciences. Post-doctoral researchers and practitioners from health and social sciences who aim to pursue a career as a university professor.	23-11-30	https://euraxess.ec.europa.eu/jobs/69068

Part 3,
PhD Position

PhD Position

Title	Organisation (Country)	Offer Description	Deadline	Link
PhD Position	<p>KU Leuven (Belgium)</p>	<p>We are looking for highly motivated, enthusiastic and communicative researchers with a Master of Science degree in Engineering or a related field, from a reputable institute. You should have obtained excellent study results. Candidates should have a strong interest in energy, and especially in energy system operation and planning, as well as energy markets, policy and modeling.</p>	<p>23-08-31</p>	<p>https://euraxess.ec.europa.eu/jobs/106326</p>
PhD Position	<p>Université PSL (France)</p>	<p>The thesis study will cover the modeling, fabrication and measurements of the Terahertz source and its associated components. Different aspects will be studied including spectral purity, phase stability, intermodulation levels from the first frequency synthesizer at 100 GHz (W-band) up to the 1.9 THz signal coupling interfaces at the focal plane of the multipixel detectors.</p>	<p>23-08-30</p>	<p>https://lerma.obspm.fr/spip.php?article484=&lang=fr</p>

PhD Position

Title	Organisation (Country)	Offer Description	Deadline	Link
PhD positions	Academic Europe (Sweden)	We are looking for candidates with a master's degree in mathematics or a closely related field with a strong background in optimization and partial differential equations. Prior knowledge in stochastic optimization, optimal control, or stochastic analysis is beneficial.	23-07-31	https://www.academiceurope.com/job/?id=1589
Fully funded PhD positions	Universiteit Hasselt (Belgium)	You will conduct research with the goal of writing a doctoral dissertation within the domain of inclusive and sustainable work. The research topic is defined in collaboration with the PhD supervisor and focuses on women working in the STEM-field, with a focus on intersectional dynamics and an awareness for issues related to wellbeing and inclusion.	23-07-12	More information
