

2023년 11월 / 한-EU 연구협력센터

EU Research Career

유럽 주요국 FUNDING & JOB 관련 공고정보

한-EU 연구협력센터(KERC)는 국내 신진연구자들의 유럽 내 연구경력 개발 지원을 위해 유럽 전역의 연구경력개발 관련 정보를 모니터링/분석하여 국내 수요에 부합하는 맞춤 정보를 제공하고 있습니다. 이번 호는 23년 11월~12월 마감되는 공고들을 안내해 드립니다.

목 차 (Contents)

1. 자연과학 분야 (Natural Science)
2. 인문사회 분야 (Social Sciences and Humanities)
3. PhD Positions

01

Title	Organisation (Country)	Offer Description	Deadline	Link
Postdoctoral Fellow	Paul Scherrer Institut Villigen (Switzerland)	<ul style="list-style-type: none"> • PhD degree in natural sciences or engineering • Experience in electron microscopy and/or synchrotron and/or laboratory X-ray imaging techniques • Experience with handling and processing of biological tissue for electron/X-ray microscopy • Experience with computational methods, data and image analysis • Fluent in English • Excellent communication and teamwork skills 	23-12-22	More information
Postdocs in cosmology and gravity at CEICO	Fyzikální ústav AVČR (Czech Republic)	The Central European Institute of Cosmology and Fundamental Physics (CEICO) at the <u>Institute of Physics of the Czech Academy of Sciences</u> in Prague welcomes applications for several Postdoctoral Researcher positions in Cosmology, Gravity and related fields.	23-11-27	More information

Title	Organisation (Country)	Offer Description	Deadline	Link
Postdoc Researcher/ Engineer- Sustainable supply chain optimisation	VITO (Flemish Institute for Technological Research) (Belgium)	<ul style="list-style-type: none"> You have a PhD degree in a mathematical, scientific or engineering field with focus on operations research algorithms. You have expertise in linear programming using Python or using another programming language (e.g. R, MATLAB, ...) with application in network and supply chain analysis. Having GIS expertise is an asset. You can empathise with the project partners and give support in defining their needs. 	23-11-30	More information
Postdoc position in Electrochemistry of thin films at surfaces and interfaces	Chalmers University of Technology (Sweden)	To qualify for the position of postdoc, you must hold a doctoral degree in Physics, Nanotechnology, Material Science or Chemistry awarded no more than three years prior to the application deadline (according to the current agreement with the Swedish Agency for Government Employers).	23-12-16	More information

01

Title	Organisation (Country)	Offer Description	Deadline	Link
Postdoc Data-driven Modelling in Turbulence Modelling and Fluid-Structure Interaction	Delft University of Technology (TU Delft) (Netherlands)	<ul style="list-style-type: none"> • PhD (or soon to graduate) in engineering, physics or maths. • Strong background in fluid mechanics (e.g. PhD thesis on a fluids-related topic). • Strong background in mathematics (e.g. ML, uncertainty quantification, data-assimilation). • Proficiency in the English language, both oral and written. • Be able to work in a team with other researchers. 	23-12-3	More information
Postdoc Research Associate – Epigenetics, DDR and Replication Stress in Stem Cells and Leukaemia	KINGS COLLEGE LONDON (United Kingdom)	<ul style="list-style-type: none"> • BSc Hons in a biomedical sciences subject or equivalent (eg medical degree) • PhD in which investigations of epigenetic regulation/DDR/Biochemistry formed a substantial part • A thorough knowledge of analyses on global transcription/epigenetic data sets/DDR • A thorough knowledge of biochemical protein complex purification 	23-11-26	More information

인문사회과학 분야
(Social Sciences and
Humanities)

02

Title	Organisation (Country)	Offer Description	Deadline	Link
Postdoc on Political Trust and Political Skepticism	University of Amsterdam (UvA) (Netherlands)	We are looking for a candidate with enthusiasm for social scientific research on political trust, and the aim to push research on this topic theoretically and empirically. This encompasses broader themes such as political support and legitimacy. Successful applicants are capable of working independently, as well as in a research team with senior and junior scholars.	23-12-1	More information
Assistant professor (adjunkt) – research staff	Nicolaus Copernicus University (Poland)	<ul style="list-style-type: none"> • PhD degree in philosophy, mathematics or a related discipline (specialization: logic); • knowledge in the following topics: logical systems, axiomatic systems logical semantics, tableaux methods, set theory, logic of names, modal logic; • the doctoral degree was not awarded to the candidate by the Nicolaus Copernicus University in Toruń. 	23-11-26	More information

03

Title	Organisation (Country)	Offer Description	Deadline	Link
PhD Researcher in Law & Science and Technology Studies	Maastricht University (UM) (Netherlands)	<ul style="list-style-type: none"> • Hold a masters’ degree in law or the social sciences, in case of the latter, they should have a specialization in law; • Have an interest in sociological approaches to legal research, socio-legal studies and social theory • Have expertise in digital sociology, science and technology studies, law and technology or a related field, and, ideally, experience with related methods 	23-12-11	More information
Doctoral fellow – Department of Languages and Cultures	Ghent University (Belgium)	<ul style="list-style-type: none"> • You hold a MA degree in archaeology and/or anthropology or an equivalent diploma; • You are familiar with African archaeology, preferably that of Central Africa; • You have archaeological fieldwork experience (fieldschools are acceptable); • You have a basic training in ethnographic methods 	23-12-23	More information
